SOLDIERS RELEASED BY CARRANZA

IMMEDIATE DECLARATION OF
WAR WITH MEXICO AVERT-
ED BY THIS ACT.

The fight between a small body of U. S. troops and a considerably larger number of Carranza soldiers in Mexico, reported in our last issue, has been followed by steps that looked like certain war. The Mexicans captured 23 colored soldiers and a Mournous scout and were refusing to release them. The United States demanded their unconditional release and Carranza weakened Wednesday evening and shipped them to the border to be turned over with their arms, to our government. This relieves the strain somewhat and at least temporarily averts war. Preparations are being continued, however, troops are rushing to the border by thousands, ammunition, guns, trucks, flying machines and automobiles are being gathered along the border in enormous quantities.

Two white officers were killed in the clash at Carizal, along with about 12 colored soldiers. The survivors have continued to struggle into the American lines.

The Mexican troops treacherously attacked the Americans, mowing them down with a hidden machine gun. The excuse was that the United States troops were warned not to move except in a northerly direction.

The President will insist upon keeping troops in Mexico to pursue bandits that have raided our borders until Carranza proves his intention and ability to arrest and punish them. If he resists this position, war will be the inevitable result.

Kentucky State Guards.

The State militia is being mobilized at Fort Thomas and expects to be ordered to Mexico within a few days. Some of the other States have already sent part of their troops.

CAREY-REED COMPANY GET ROAD CONTRACTS.

Lexington, Ky., June 24.—Contracts were let today by the Fiscal Court and Fayette County Road Commission for an aggregate of ten miles of Warrenton paved roads and arrangements made for the construction with the county's own labor of ten miles of rock asphalt. The Warrenton contracts were awarded to the Carey-Reed company, of this city, as the lowest bidder on this type of road. The stone resurfacing will be done by the county's own labor and engineers. The Warrenton surface to be laid by the contractor and guaranteed for a period of five years, at an approximate cost of \$6,652.53 per mile. The cost of the stone bed will bring the cost of the Warrenton roads up to about \$8,000 per mile.

The Warrenton roads are to extend from this city five miles on the Mayville pike, three miles on the Richmond pike, and two miles on the Versailles pike. The rock asphalt roads to be constructed by the county's own labor, and with material purchased by the county, will extend from this city 6.41 miles on the Georgetown pike, and 4.87 miles on the Versailles pike from the end of the Warrenton construction to the Woodford county line.

CHANGES IN U. S. ENGINEER ASSIGNMENTS.

Orders received from the War Department, Washington, D. C., make numerous changes affecting army engineers in this section of the country. Major George R. Spalding, who has been in charge of Cincinnati District No. 1, is ordered transferred to Louisville, to succeed Major John C. Oakes, transferred to Philadelphia. Major Robert R. Ralston, now in charge of Cincinnati District No. 2, is transferred to Major Spalding's place as officer in charge of District No. 1. Major Ralston will be succeeded by Major William P. Stokes, now assistant to Colonel William C. Langh, officer in charge of Savannah (Ga.) District.

CATLETTSBURG WELL REPRESENTED IN CO. K.

Lieut. Jerry Buskirk, of Company K, whose home is in Catlettsburg, is justly proud of the showing that city made in the enrollment of the company. Out of the one hundred and fifty men who left Ashland Monday for Ft. Thomas more than fifty registered from Catlettsburg.

MCCREARY AN APPLICANT.

James B. McCreary, former Governor of Kentucky, is an applicant for appointment on the Federal Farm Loan Board created by the rural credits legislation. Four members of this board will be appointed and they will draw salaries of \$10,000 a year each. McCreary will call on President Wilson to-morrow.—Cincinnati Enquirer.

DROWNED IN CREEK.

The body of Hayden Brewer, son of D. B. Brewer, a millman of Campton, who was drowned at Quickland, Breath 111-co, was taken back to Campton and buried.

FINE CHURCH DEDICATED.

The \$60,000 church building of the M. B. Church South at Paintsville has been cleared of debt by raising \$7,000, and was dedicated last Sunday.

MRS. MARY GARLAND DIES AT AGE 78.

Mrs. Mary Garland, one of the oldest women of our town, died Saturday evening at the home of her daughter, Mrs. C. E. Hensley on Lock-av., from a paralytic stroke sustained less than a week before. She had lived in Louisa for the past twenty years, and by her kind disposition had made many friends.

The funeral was held Sunday afternoon at three o'clock from the Baptist church, the impressive services being conducted by the pastor the Rev. W. A. Gaugh, assisted by Rev. S. E. Reynolds, and the burial occurred in Fulkerson cemetery.

The floral offerings were many and beautiful and testified to the high esteem in which this good woman was held.

The following was read by the pastor at the funeral:

Mrs. Mary Garland, the subject of this notice, was born December 11, 1838, and departed this life June 24, 1916. She professed faith in Christ and joined the Baptist church at the age of 17. Some 20 years ago she moved her membership to the Louisa Baptist church, of which she was a faithful and consecrated member until her Lord called her to come up higher.

She was married to Isaac Garland in the year 1853, and to this union six children were born, three boys and three girls. She leaves three sons and one daughter to mourn her loss. They are R. R. Garland, J. L. Garland, W. M. Garland and Mrs. C. E. Hensley.

Her funeral was preached by her pastor, Rev. W. A. Gaugh in the Baptist church in the presence of a host of mourning friends, after which her body was laid to rest in Pine Hill cemetery to await the resurrection call of the son of God.

Indeed a good woman is gone. This world is poorer and heaven is richer because of her going. Her life was a holy benediction upon her family, leaving a hallowed influence that shall never die so long as her children live.

"Blessed are the dead that die in the Lord from henceforth; yea, with the spirit that they may rest from their labors; and their works do follow them." She was perfectly willing to go when her master called. Her answer was simply, "Speak Lord, for thy servant heareth." She no doubt could say with Tennyson:

"Twilight and evening bell, and after that dark!"

And may there be no sadness of farewell when I embark;

For thou from out our bourne of Time and Place the flood may bear me far,

I hope to see my Pilot's face

face when I have crossed the bar."

A FRIEND.

MOTHER OF SUNDAY DIED SUDDENLY.

Warsaw, Ind., June 28.—Mrs. Mary Jane Stowell, mother of Billy Sunday, the evangelist, is dead at her home here. Her death is attributed to heart disease. She was 76 years old.

The body was found by Sunday himself. Investigation when she failed to arise at the usual hour, he found her dead in bed. She had been in good health when she retired.

The body will be taken to Ames, Ia., for burial on the old Sunday homestead where Billy was born.

RENNY V. DANIEL KILLED BY TRAIN

PAINTSVILLE MAN SUPPOSED TO HAVE FALLEN UNDER FREIGHT TRAIN.

Last Sunday the body of Renny V. Daniel, of Paintsville, was brought to Louisa for a coroner's inquest. The man was found on the railroad track at Richardson early that morning. The body was badly mangled. One leg was cut off and the head badly crushed. The burial took place at Whitehouse, his former home. He was a son of Lewis Daniel, and he leaves a wife and two children. He had been to Catlettsburg and boarded a freight train Saturday night for Paintsville. He was said to be drinking when he left there. His brother stated that he had seen him when he got on the train, but no money was found on the body. He was 28 years old and formerly conducted a restaurant at Paintsville. Recently he had been employed at the Solvay plant in Ashland.

SAYS NEW BRIDGE IS PLANNED.

Ironton, June 20.—It is understood that a company is now at work effecting an organization for purpose of building a bridge between Ironton and the east end of Russell, where the new two million dollar steel plant is being erected. The new bridge, it is thought, will be financed with New York capital.

It is said that a ferry will be put in operation within a short time to accommodate the large number of Ironton men to be employed.

YOUTH SEVERELY INJURED.

Roy Prince, 18-year-old son of Mrs. Ollie Prince, a widow, employed as wire chopper at the Red Mill in Ashland, was so badly injured Monday night that he will not recover. He was removed to the King's Daughters' Hospital.

PRESIDENT WILSON WILL BE AT HUNTINGTON

PRESIDENT AGREES TO ADDRESS
MEETING OF GIDEONS AT
HUNTINGTON.

Huntington, June 13.—Woodrow Wilson, president of the United States and first man of the world today, will without doubt come to Huntington on July 22, and address in this city the National Gideons, who will be in annual convention at that time. This announcement was given out Monday morning by Secretary H. E. Matthews, of the Chamber of Commerce, who is in receipt of a letter from the White House.

The National Gideons, who will meet in annual session in Huntington from July 20 to July 23 inclusive, invited the president to come to this city and address the meeting. Secretary Matthews backed up the invitation last week when he wrote President Wilson requesting his presence here, the invitation being endorsed by one thousand members of the commerce body.

The letter from the White House Monday indicated that the president would come. On July 20, President Wilson will be in Cincinnati, O., and it is pointed out that the Huntington engagement would delay the nation's leader but a few hours.

LAWRENCE COUNTY MAN MAKING GOOD.

Portsmouth, Ohio.

Will you please give me space in your valuable column for a few lines concerning one of your Lawrence county men, Rev. C. L. Diamond. He came to Portsmouth six years ago and has proved himself a man of truth, honor, honesty, and a child of God.

Rev. Diamond immediately after coming to our city commenced a revival service which resulted in wonderful success. Then he organized a Free Will Baptist church called Diamond Chapel, became its pastor and still remains its pastor. In May he was elected a pastor of the Bethlehem church of Free Will Baptists, having two nice churches in charge. Rev. Diamond is a wonderful revivalist. He has broken the record for revivalists, having held one revival for seven months in succession. He is loved and highly esteemed by his two churches. Thought his many friends in our old Kentucky home would like to hear of his success and fame of honor.

L. E.

IN HONOR OF THE HIGH SCHOOL GRADUATES.

Miss Agnes Abbott gave a very enjoyable lawn party Wednesday evening in honor of the High School graduating class. The affair was held at the home of Mrs. C. L. Miller, where the spacious lawn is so well adapted for this purpose. The decorations and appointments were complete in every particular. There were about seventy-five guests. The occasion was greatly enjoyed by all who attended. Delicious refreshments were served.

Interesting contests added to the pleasure of the evening.

Among the out of town guests were Miss Irene Millender, of Cyrus, W. Va.; Misses Ufa Crites, Beulah Dean, Alma Smith, of Huntington, and Messrs. Clyde Burchett, of Prestonsburg; Harold Trivitt, of Huntington.

FUNERAL OF CECIL HENSLEY.

The funeral of Cecil Hensley was held Thursday afternoon of last week at the home of his sister, Mrs. Minnie Morris. Rev. M. A. Hay conducted the services. The burial followed in the Fulkerson cemetery.

Mr. Hensley was working at Dinkess, W. Va., when killed by a car overturning. He and his wife had made preparations to go to housekeeping soon at Hale, W. Va. He was 40 years of age, had been married twice, and is survived by two sons by a former marriage, and by his wife, who is a daughter of Tom Caloes of this place.

A sister from Columbus, O., arrived in time for the funeral.

BANK ROBBERS TIE FARMER TO TREE AND TAKE AUTO.

Wytheville, Va., June 24.—The Bank of Crockett, at Crockett, seven miles west of Wytheville, was robbed by two men Friday of \$4,400 in currency. The cashier, Arthur Houshelt, and a patron of the bank, Roy Gruescine, were forced into the vault. Leaving the town, the robbers met a farmer in an automobile. They took the machine, tied the farmer to a tree and drove off.

BACCALAUREATE SERMON.

The baccalaureate sermon for the High School was preached last Sunday evening at the college auditorium by Rev. J. M. Copley, to a large audience. All the churches gave way to the affair. The sermon was able and appropriate.

The graduating exercises will take place Friday evening of this week at the college auditorium. Congressman Langley has notified the faculty that he can not be present.

WOMAN DIES; MAN HELD.

Oliver Hill, Ky., June 24.—Mrs. M. J. Whit, who was shot through the abdomen a few days ago in a free-for-all shooting affair died today from the effects of the wound. Jesse Sparks, who has since been in the local jail on a charge of carrying a pistol, was formally charged with murder and taken in an automobile to the county jail at Grayson.

A UNIQUE WEDDING AT RIVER, KY.

Saturday a gentleman of strong personality and whose appearance would scarcely let him out of "the teens" quietly stole into that department of our county building where nuptial documents could be obtained necessary for the event in mind; by the vows of "two now one" and at the beautiful Ward residence overlooking the untiring rippling of the famous Big Sandy river, seven miles west of Paintsville, Ky., on C. and O. Ry. Sunday morning, June 25th at 6:16 o'clock were united in marriage Frank L. Long and Daisy Ward. Mr. Long is an Ohioan, now superintendent of the coal company at Offutt, Ky. Miss Daisy is the beautiful and accomplished daughter of Mr. and Mrs. John Ward, of Ilver, Ky. While the groom and bride were brought up in homes envied by orchards and gardens in which grew profusely the most delicious fruits and most fragrant flowers, yet in nature's search for happiness the ideal far surpassed all these.

Rev. E. J. Harris, of Paintsville, Ky., who is a relative of the bride officiated. After a rich repast in the spacious dining room the young couple accompanied by friends and relatives to the depot left on an early train for Ohio, Niagara Falls and other important points. After ten days they will be in the River vicinity.

CUPID HASTENED BY WAR'S ALARMS.

Sergeant Alexander L. Carpenter,

Company E, of the Second Kentucky National Guards of Salyersville, was married Monday morning at nine-thirty o'clock to Miss Mary Neville Blakemore in Louisville.

The bride, who lives with a sister in Salyersville, was on a visit to her sister, Miss Lucy Blakemore, in Louisville, when the orders for mobilization came. The couple, who had been engaged for some time, expected to be married later, but a rapid-fire correspondence of several days led to the hurry-up wedding.

The Rev. W. N. Iriney, of the Broadway Christian church, performed the ceremony, with only a few members of the bride's family in attendance.

Miss Virginia Owens Moorman and Miss Fanny Conway acted as flower girls, leading the way to the parlor, at the home of Mrs. A. G. Conway, with whom Miss Lucy Blakemore makes her home.

The bride is a member of a prominent family of Shelbyville, and the groom is engaged in the lumber business at Salyersville.

The couple left on the first train to return to Salyersville, where orders are hourly expected for removal to Fort Thomas.

BANK AFFAIRS WOUND UP.

The affairs of the Citizens Bank and Trust Co., of Ashland, which went into the hands of T. J. Smith, State Banking Commissioner, in June 1914, have been liquidated by paying the depositors ninety-five per cent of their deposits. It required three and one-fourth per cent of the assets to liquidate the obligations. The State Banking Commissioner distributed \$363,218.50.

OIL DEVELOPMENTS IN ESTILL COUNTY

TWO OF LARGEST WELLS IN STATE IN NEW SECTION OF ESTILL COUNTY.

Harbourville, Ky., June 25.—That gusher territory is still plentiful in Kentucky's petroleum fields is evidenced by the large producers which have figured in late returns, some of these strikes being widely separated. Estill county during the past few days contributed two of the largest wells in the history of the field, making 300 and 400 barrels, respectively. These strikes opened additional extensions to that prolific district. A more recent gusher was that drilled during the week in Barren-co., several miles in advance of the proven area. A test at 200 feet yielded a showing for 100 barrels daily, the grade of petroleum being similar to that found in the contiguous field of Allen-co. Allen-co. has furnished a number of flowing wells during the past three months and contains an extensive acreage which looks promising for additional large producers.

The weekly record of completed work and new production in the Kentucky fields continues to show an increase, for some time the average daily yield being about 600 barrels. More rigs are in operation than ever before, the usual death in midsummer operations being absent this year. The entire field is now showing a monthly yield averaging 30,000 barrels, which is about twice the average output last year.

The Estill field, now the main stem of the Kentucky petroleum industry, led in completions for the past week, a total of eight new strikes being reported. Late results have been featured by continued extensions northward, in the direction of the Powell county district. In Powell-co., one new completion made fifteen barrels. Two late strikes are reported from Allen-co. in the lower end of the State, both in the pumper class. The "new strike" in the pumper class, making 100 barrels, is several miles north of the main Allen-co. district. Other fields showing new production for the week included Wayne, with two pumps, and Lawrence, with a small strike.

THE FOURTH OF JULY AT LOUISA

ARRANGEMENTS COMPLETED FOR
GOOD PROGRAM NEXT
TUESDAY.

The committee on 4th of July celebration for Louisa has been actively at work completing arrangements for an enjoyable and patriotic day next Tuesday.

The oration will be made by Rev. L. E. McElowney, whose ability along the line of live public speaking is well known. He is bubbling over with patriotism and enthusiasm and there will be nothing tedious about his speech. Do not miss it. This is a fine time to have your patriotism revived and this is the best opportunity you will have.

There will be features of entertainment and amusement also, of the usual kind. Calathumpian parade at 9:30 a. m., races and athletic contests, music, free ice water, and a lot of other things. A new stunt will be a western feature, a horse race which involves stopping at the half way point and getting new horses, to which the saddles must be changed by the riders.

Come to Louisa and enjoy a good old-fashioned 4th.

APPROPRIATIONS FOR NEW FEDERAL BUILDINGS.

Washington, June 24.—Favorable reports on bills providing for new Federal buildings and sites in Kentucky have been made by Representative Campbell Cantrill, of the Public Buildings and Grounds Committee. Mr. Cantrill is chairman of a subcommittee having charge of a number of States, including Kentucky and Indiana, and his favorable report on the bills, practically insures their incorporation in the Omnibus Public Buildings Bill, to be reported to the House within a few weeks.

Kentucky towns to receive appropriations for sites or buildings are:

Tenth District—Pikeville, \$30,000; building; Hazard, \$35,000, for mine rescue station, site and building.

Eleventh District—Barbourville, \$35,000, for a building; Pineville, \$5,000, for mine rescue station building, site already acquired.

Ashland, \$30,000; Glasgow, \$400; Paintsville, site, \$4,000; Pikeville site, \$7,000.

MARRIAGE LICENSES.

Luther Robinet, age 20, to Vivian Reynolds, 16, married by Rev. Hewlett at Mickle Harris' on Two Mile. Robinet is a pumper for an oil company and the bride is a daughter of Benton Reynolds.

Joel Adams, 29, of Magoffin-co., to Gertrude Thornhill, 16. Married in Clerk's office.

Roscoe Fugitt, 21, Gallup, to Violet Hayes, 22, daughter of Sterling Hayes, of Adams.

Greely Rhyon, 22, to Josie Chambers, 18, of Huletts.

Jas. Mallett, 26, to Mary Salmons, 20, of Harlan.

E. H. Calnes, 26, to Elizabeth Thompson, 27, married in Clerk's office and left at once for Cincinnati. The bride is a daughter of David Thompson, of Catlapa.

Another license was issued for a couple at Charley, but the names are withheld until next week by request.

COMMITTEE OF ONE HUNDRED WOMEN NAMED.

A committee of one hundred women have enlisted to raise \$10,000 for the cause of the Kentucky Illegitimacy Commission. Each woman is to be responsible for raising \$100. The committee met recently in Frankfort.

Mrs. Cora Wilson Stewart, president of the Kentucky Illegitimacy Commission, was present and occupied a seat at Mrs. Bartlett's right, conferring with her from time to time, but because of a recent illness, did not speak.

The local appointees are as follows: Mrs. George Atkinson, and Mrs. Nora A. Koonison, Louisa, Ky.; Mrs. L. N. Davis, and Miss M. Annie Ponce, Ashland; Mrs. Jas. W. Turner, Paintsville; Mrs. J. J. Johnson, Jenkins.

VERDICT RENDERED IN A MINUTE

At Catlettsburg in the case of John Brannham vs. his father-in-law, John Collins and sister-in-law, a daughter of Mr. Collins, for alienation of his wife's affections, a verdict was rendered in favor of the defendants after about one minute's deliberation on the part of the jury. It was said by a spectator that as the last jurymen were filing in to deliberate, the foremost ones were coming out, so readily did they agree.

Brannham is now incarcerated in jail on a charge of attempted assassination of his wife and her father, the latter still being in a serious condition.

PAUL STEVENS PROMOTED.

Paul Stevens, General Superintendent of the Huntington Division of the Chesapeake and Ohio Railway, it is rumored will be made General Manager of the road July 1. The office is a new one, George W. Stevens, father of Paul, is President of the Chesapeake and Ohio.

TAKEN TO CANADA, KENTUCKY.

The remains of Mr. John Henderson Blunkhorn, who died in Columbus a few days ago, were taken to Canada, Ky., for interment. A number of his relatives and friends accompanied the remains to their last resting place.

Sheriff R. A. Stone was in Frankfort last week.

DEATH OF MRS. JAMES MILLER, ON LICK CREEK.

On June 23, 1916, death made its inroad into the home of James Miller and took from him his dear loving companion. Often we hear many good things said about our friends after death that are not said while living, but not so with Malissa Miller because she lived up to the faith she had in her blessed redeemer and her every day walks in life proved her to be and while in this world there were many good things said of her by her neighbors and friends as well as after death. I have known Malissa 20 years, lived a neighbor to her and always found her to be a true devoted christian. I have met with her in meetings in the class room in prayer service and in the Sunday school and she was always ready to do her part and bear the cross in whatever fell to her to do. Her home was always the home of the preacher when coming to our place to hold church. She was ready to invite them home with her and care for them. To know Malissa was to love her and she was loved by all that knew her. She was a kind companion and loving mother. A christian mother makes a happy home. She was sick for nearly two years and bore it with christian fortitude, never complaining, but would often say I wish the Lord would come and take me home. When neighbors and friends would gather in to see her she would have them to sing and pray while she would shout and sing praises to God and tell them it would not be long until she would cross over and meet with loved ones in the sweet by and by and would sing "We shall sing on that beautiful shore." "The melodious songs of the Blest." "And our Spirits shall sorrow no more." "Not a sigh for the blessing of rest." She was converted when quite young and was baptized and lived a consistent christian until death. She was married to James Miller, January 9, 1859, at the Baptist church, Lower Lick creek, by old Bro. William Christian. To this union eight children were born, two boys and six girls, all living except little James, who died when quite young.

She was the daughter of Mordecai Wilson.

I want to say to you children, weep not as those that have no hope, for your mother has gone to the glory world where parting will be no more. Prepare to meet mother in heaven. Her place is vacant at the fireside, at the table and the entire home. No one to cheer in time of sorrow and trouble, but look forward to the day when you will meet her again. Be good children and mind your papa for he will not tell you anything wrong for he is a good man.

She was laid to rest in the uncle Dock Miller graveyard after a short service at the old home with large crowd of relatives and friends by Revs. Rickman and Burgess. Her funeral will be preached in the near future.

TO VISIT SCENES OF CHILDHOOD.

The Ashland Independent says: Postmaster C. M. Preston was honored today by a visit from Mr. E. F. Stapleton, who is now Postmaster of the city of Denver, Colo. Mr. Stapleton has been to Washington on business and stopped over in Ashland for a short visit, after which he will go to Paintsville to visit the scenes of his early boyhood days. Mr. Stapleton was born and reared at Mud Lick, Johnson county, which is located just back of Paintsville. He went to Colorado a number of years ago and has prospered in that flourishing State as will be noted by the responsible position which he now holds.

HIRAM MEAD DEAD.

Hiram Mead died at his home on Lick creek last Sunday. He was paralyzed a year or more ago and had been in almost a helpless condition for several months. His age was near 69. He leaves a wife and three children, two sons about grown, and Mrs. J. M. Picklesimer, of Louisa. Deceased was an excellent citizen, honest, industrious and intelligent. He was a good carpenter and divided his time between his trade and the vocation of farming.

SALE OF THOROUGHBRED CATTLE AND HOGS.

The Belcher stock farm of Glenwood, this county, has sold this week to mount farmers of Johnson, Elliott and Knott two extra good short horn bulls and one Duroc boar. This is six pure bred bulls sold in the last few months. Breeders are beginning to find out the difference in the pure bred and the scrubs. These bulls ranged from five months to twelve months old and brought \$100.00 each. Mr. Young our County Agent, bought a fine boar, which he sent to his home farm in Knott-co.

FOUND NOT GUILTY.

The jury in the case of David Ealey, of Chinnville, Greenup-co., being tried at Portsmouth for manslaughter in connection with the death of Anna Burgess and Grover Cleveland Adkins, returned a verdict of not guilty Wednesday. The jury had the case but a few minutes when the verdict was reached. The case grew out of the overturning of Ealey's automobile near Sciotoville some weeks ago.

SALYERSVILLE TROOPS.

A special train went to Paintsville Thursday of this week to convey the Salyersville State Guards to Ft. Thomas, where they are due not later than Saturday morning.

NEW PLANT STARTS.

The new \$100,000 gasoline plant of the Columbia Gas & Electric Company began operations Saturday. It is located in Kentucky about three miles from Catlettsburg.

NEWS OF GENERAL INTEREST FROM THE WORLD AT LARGE.

FRIDAY

Late last night the official report from General Pershing on the clash between American and Mexican troops at Carrizal, in which twenty Americans are believed to have been killed and seventeen taken prisoner, was still awaited at border headquarters. A message from Gen. Pershing indicated that he had heard from a courier sent back by the force engaged.

In a statement given out last night by Gen. Trevino, in connection with the story of the attack as related by one of the American prisoners, he stated that he would still follow his original orders and attack any force of Americans that advanced in any except a northerly direction. According to the American prisoners received in Chihuahua City the United States troops lost their officers, two of them being killed and the other wounded in the course of the engagement.

All along the border, with one or two exceptions, the Mexicans are moving their troops, supplies and civilians back into the interior. At Juarez the evacuation is said to have been practically completed.

Washington officials last night, pending the receipt of an official report from the American commander, were inclined to regard the Carrizal encounter as a detached incident and not necessarily one signifying or leading to hostilities.

Port Thomas was selected as the mobilization point for the Kentucky militia last night by Secretary Baker after a conference at the War Department, and an order was sent to the State authorities instructing them to take their forces to the concentration camp at the earliest possible moment. The Central and Western Army Department heads were notified last night to send 2,999 militiamen to the border as soon as they could be got in readiness.

Mobilization orders for the Kentucky troops to move to camp at the earliest possible moment will probably be issued by Gov. Stanley this morning upon receipt of the official notice from Washington that Fort Thomas has been selected for the Kentucky camp.

Gen. Fuston and staff at San Antonio worked at high pressure yesterday perfecting military details for activities against the Mexicans in case the investigation of the Carrizal fight bears out the American version.

The Germans and Austrians in Volhynia are vigorously on the offensive. Along the Stokhod river, west of the Sty in the region of Sokul, sanguinary engagements are in progress. The Russian War Office says the foe has been repulsed, while Berlin declares that on both sides of the Turia river and southward the Russians have been driven back, and that northwest of Lutsk attempts to dispute German successes failed. On the strip in Galicia the Russians have taken portions of the trenches of the teutonic allies near Galvoronka, and farther south in Bukovina have driven their forces forward southward and captured Radautz, about thirty miles below Czernowitz, and taken more officers, men and guns. From north of the Pripiet marshes to the region of Riga the Germans again have opened what apparently is a general offensive.

On both sides of the Meuse and to the east of Verdun the Germans are heavily bombarding. In a counter attack the French have retaken trenches captured Wednesday northeast of Verdun.

Vance C. McCormick, chairman of the Democratic National Committee, will have entire charge of the Democratic campaign, heading both the National and Campaign Committees, according to authoritative announcement in Washington yesterday.

The Jackson Highway Association, which started an inspection tour in Chicago three days ago, dined with Louisville enthusiasts last night, received assurance of Kentucky support and will begin early today the tour of Kentucky.

The activities of German agents in an effort to stir up trouble between the United States and Mexico have been disclosed in the investigation into the affairs of Capt. von Rintelen by a federal grand jury in New York.

That the attack on Americans of the gunboat Annapolis at Mazatlan, Mex., Sunday was unprovoked, was reported to the Navy Department yesterday by Commander Kavanaugh.

SUNDAY

The most detailed account of the Carrizal encounter yet received was sent from field headquarters yesterday. It was given to Gen. Pershing by a corporal of the Tenth Cavalry, who was at Capt. Boyd's side until that officer fell. According to the soldier's story the Mexicans opened fire without warning after a parley between the officers, and Capt. Boyd ordered a charge at the concealed trench where the Mexicans had planted a machine gun. He fell wounded in several places. Lieut. Adair then ordered an assault against a hut in which de facto sharpshooters were stationed, but the junior officer was not seen again. The corporal was unable to tell what had been the fate of the men under Capt. Morey.

According to the latest figures sixteen of the Americans are still unaccounted for, twelve are dead and twenty-two are prisoners of Trevino. Thirty-three stragglers have reached the main column.

The danger from Mexicans on this side of the Rio Grande was manifest in Arizona yesterday, where Gov. Hunt indicated he would inaugurate restrictions against the sale and carrying of arms.

In the interest of mediation in the Mexican crisis, diplomats of the South and Central American republics took steps yesterday, and Carranza's representative in Washington was asked as to the views of the de facto Government on the subject. Rumors that Carranza is seeking mediation have received some credence.

The Russian offensive in Bukovina is still in full swing. General Brusiloff's forces are meeting with little resistance from the Austrians. The town of Kruty at the foot of the Carpathians has been taken. In the northern sector German re-enforcements have come to the aid of the Austrians and heavy fighting is going on from Northern Galicia to Lutsk, without big gains on either side.

The German army before Verdun has captured the Thiaumont fortified position and for a while held a part of the village of Fleury, only three miles from Verdun. French counter attacks are said to have recovered all the ground, but the Thiaumont works.

Further gains by the Italians in the Trentino are reported in Rome War Office dispatches.

As an illegal combination in restraint of trade, the Corn Products Refining Company, against which the Government filed suit March 1, 1913, was ordered dissolved by Federal Judge Learned N. Hand in New York yesterday.

Memorial exercises in memory of W. O. Bradley, late United States Senator from Kentucky, were held yesterday by the Senate.

The \$121,000,000 Sundry Civil Appropriation will pass the House of Representatives yesterday.

MONDAY

A curt note from the Washington Government demanding the immediate release of the United States troops captured at Carrizal, and an immediate statement from Gen. Carranza "through the proper diplomatic channels," as to the purpose of the military officers," as to the purpose of the Mexican Government was dispatched yesterday by Secretary Lansing for delivery to Gen. Carranza. The note says that an explanation of the Carrizal encounter received from the Mexican authorities is regarded as an avowal of the affair in Washington. The intimation that force will be met with force stands out in the brief diplomatic document.

The South American diplomats in Washington will offer a proposal of mediation to the United States to-day. This offer has already been accepted "in principle" by de facto officials. Secretary Lansing deferred last night to discuss the question in any way, but it is understood that when the matter was first mentioned that he made the statement that he considered it one which could not be settled by mediation.

Fifteen thousand National Guardsmen from New York, Massachusetts, New Jersey and Connecticut will start for the border today, following an urgent call for men made upon Maj. Gen. Leonard Wood by Secretary of War Baker last night. The need is considered so vital in New York that Gen. Wood has ordered that physical examinations be waived. Government officers will leave for armories and camps early this morning to swear the militiamen into the Federal service. It was announced last night at Eastern Department headquarters in which Kentucky is included, that the State troops mobilized and in camp in the various States totaled 49,000.

Ambassador Arredondo, Carranza's Washington representative, announced yesterday that his government has accepted "in principle" the mediation offer of the South and Central American republics. The attitude of United States officials is understood to be, however, that there are no differences between the two countries that could be properly submitted to mediation.

Occupation of the entire Austrian Crownland of Bukovina was announced yesterday by the Russian War Office. Possession of the province was completed by the capture of the town of Kimpolung, in the southern part of Bukovina, at the foot of the Carpathians. More than 2,000 prisoners were reported captured.

The French recaptured trenches west of Thiaumont, northeast of Verdun and made progress in the village of Fleury during Saturday night attacks, according to War Office announcement. No infantry activity in the Verdun region was reported Sunday.

More than 20,000 Louisville citizens gathered in Shawnee Park yesterday afternoon for the maneuvers of the First Regiment, Kentucky National Guard, on the eve of its departure for Fort Thomas, and the public enthusiasm was so great the crowds swept across the parade grounds, overwhelming the troops, who were compelled to make a new assembly. An automobile accident in which several persons were swept from their feet by a wild car but not fatally injured, and several heat prostrations attended the demonstration.

Two companies of Kentucky guards will entrain this morning for Fort Thomas to prepare the camp for the Kentucky brigade. The general mobilization of the Kentucky guards will begin probably Wednesday, when it is expected that all of the companies will have been recruited to the minimum strength.

CAUSE OF RHEUMATISM IS FINALLY DISCOVERED.

In the American Magazine is an article on rheumatism by Dr. Arthur S. Reynolds, who says:

"The cause of rheumatism is pus formed and imprisoned in some part of the body. It gets into the circulation and is carried by it to the region affected. These pus places may be in spots more or less closed up, so they are not easily drained. They may be located about the teeth, at the end of the root of dead or diseased teeth, in the crypts of the tonsils, in some of the sequestered places in the nostrils, in the bony sinuses of the head; they may be in the bladder, the kidney, the gall ducts or other places. The pus-producing spot may be as small or smaller than a pea or it may be larger. Its existence is frequently unknown to the patient, especially if it be hidden in soft tissue like the tonsil. It may even exist in the bony socket of a tooth without giving pain."

"Several different organisms produce pus, and any or all may produce rheumatism when transferred to the joints or the heart."

"The physician to-day seeks for the pus cavity when he meets a patient with rheumatism, and he endeavors to clean it up. Rheumatic pains have been stopped with magical promptness by simply extracting the offending tooth. It is not always easy to find the pus places in the hidden parts of the body. The X-ray shadowgraph is essential in locating the trouble; it shows definitely and accurately all trouble about the roots of the teeth and its use is therefore of the first importance in ferreting out the pus in the deep structures."

DESSERTERS TELL WHY THEY LEFT.

Paris, June 17.—The number of deserters from the German armies fighting around Verdun is assuming large proportions. Almost every night some of them make their way into the French trenches.

Three German infantrymen were thus taken prisoners by the French near a listening post in front of the trenches, to which the trio had crawled in the darkness.

The first, a wholesale dealer in leather from Leipzig, was forty years old, and had been wounded once while fighting on the Russian front.

He declared himself delighted at having succeeded in making his escape, as the shelling of the French artillery was driving him nearly insane. He said that when he left home he was confident of Germany's final and decisive victory, but now he realized she was doomed to disaster.

"My own business," he said, "is ruined. I did most of my business abroad,

and some of my best customers lived in Paris.

"Now all Europe hates us and it will be foolish to hope that we shall be able to win back our old markets. We will care to do business with us after the war. The best thing we could do would be to sue for peace immediately on the best terms obtainable, but our military leaders will never permit that. We must go on to the bitter end."

Offered an Office.

The second prisoner was a young student of the 1916 class. His father is a teacher in a small town in Alabama. He told how he had happened to become enrolled in a regiment consisting of men twice his age.

"When it was decided to attack Verdun," he said, "the German military authorities called for volunteers. In order to help along recruiting they depicted to the young people how they would cover themselves with immortal glory at Verdun and show the triumphal entry into the fortress and the resulting fall of Paris would remain an event which would never be forgotten by those to take part in it."

"Many of us were tempted by offers of some office at home when the war was over as a reward for coming forward when it was necessary for Germany to strike a decisive blow. I was one of these."

FARMER BOY MAKES FOR-TUNE BY STAYING AT HOME.

In the July American Magazine is the interesting story of Frank M. Jones of Onondaga, New York, a farmer-boy, who has become very wealthy through developing his hobby that fancy stock develops better than ordinary cattle. His father was a farmer of the old school who thought that cows were cows, and only after a bitter struggle was persuaded to sell his herd. For the price of thirty cows young Jones purchased two young heifers of excellent lineage and fed and groomed them with his own hands until they reached maturity. One of the two had a calf that was christened Pontiac Lass. When Pontiac Lass first began to yield milk it was plain that she was an extraordinary animal. Finally he asked a group of dairy experts to look her over. The result was three words of record for milk and butter. Frank Jones now has 140 animals valued at considerably more than \$120,000, but Pontiac Lass still holds the championship. His cows are bovine aristocrats. Their lives are heavily insured and at the first sign of illness a veterinarian hastens to attend them. His experience is a practical dairying method and the profits to be won from fancy stock raising. It is particularly striking when we remember that the total initial capital for the venture was not more than \$1,400.

Wayne County News.

(Wayne News.)

When the county court had completed the canvass of the recent primary Judge Robinson demanded a recount of all the votes of the county. This was done last Friday and Saturday. John S. Marcum, R. Dennis Steed and a Mr. Townsend representing the Judge and Douglas Brown and Harry Duncan representing Mr. Lilly. Austin Sikes of Huntington reported the proceedings.

Judge Robinson gained 14 votes on Mr. Lilly. So the final count shows Lilly a majority of 739 in Wayne-co.

R. L. Boyce and Willard Lycans, members of the board of education were here Tuesday. They are in fine spirits regarding work in their district the coming year. A new graded school will be built on Gragston and probably one on Patrick.

Good cattle are being engaged for the fall market at 10c per lb. Some argued that if Wilson were elected that the price would go down. Not only cattle but all live stock is at a high price. Wilson will win again in November and prosperity will continue with us.

It is said that another mile of the Ceredo district hard road will be built this year. It has not been decided yet on which end of the road the mile will be built.

The vote on the road bonds was as expected about 5 to 1 against it. Only one precinct gave a majority for it and that was Stillner.

The exact figures are as follows:

For bonds.....	522
Against Bonds.....	3090
For Levy.....	465
Against Levy.....	2477

Miss Mae Williams, one of the most popular teachers in the Ceredo public schools, and Mr. Lee Jarrell, an engineer in the service of the government, were united in marriage at Newport, Ky., Saturday afternoon.

FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With

Theodore's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, of this place, "with sick headache, and stomach trouble."

Ten years ago a friend told me to try Theodore's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught."

Theodore's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

Your druggist sells and recommends Theodore's Black-Draught. Price only 25c. Get a package to-day.

Fire Destroys Three New Frame Cottages in Kenova.

Three new frame cottages in Kenova and owned by J. S. Hardin, of Catlettsburg, were destroyed by fire Monday night. One of the houses was completed and the other two were nearing completion. The loss is estimated at somewhere between \$1,500 and \$2,000.

Dick Smith of Catlettsburg, had begun moving into the house that was completed and lost the articles that he had put into the house. The cause of the fire has not been learned.

Johnnie Mankin, 12-year-old son of W. P. Mankin, of Cora, had his left foot so badly crushed that it had to be amputated later at the Logan hospital, and his right foot badly mangled under the wheels of a passenger train at Cora. The boy had been to Logan during the day, and returned to his home place on the train. It is said that after he had alighted at the platform he thought of something that he had left behind on the train and attempted to get aboard again after it had started. He missed his footing and fell, both of his feet being caught by the wheels.

He was hurried to the Logan hospital where the surgeons found that the immediate amputation of his left foot at the instep was necessary. There is some hope of saving the other foot.

Gets Out in Time.

The Wayne-co., independent says: Dr. Alonzo R. Garrett, who as United States consul at Nuevo Laredo, Mexico, has been in the danger zone down there for a long time, is on American soil now. He, as well as other American consuls in that land of unrest was instructed several days ago to come to our side of the Rio Grande.

Dr. Garrett is claimed as a home boy by both Wayne-co., W. Va., and Boyd-co., Ky. A son of Preston and Elizabeth Garrett, he was born in Wayne county about two miles above Buffalo Shoals. When about five years old he moved with his parents to Boyd

county, to what then was Hampton City.

After growing up he taught school and afterwards graduated in medicine. Then he went back to his native health at Buffalo Shoals and practiced medicine until some 17 or 18 years ago when he was appointed United States consul. He remained at his post in Nuevo Laredo until a few days ago when he and other consuls in Mexico were instructed to come to our own side of the Rio Grande.

His venerable mother who is now in her 95th year and who lives in Hampton City taught school there for 47 years. She makes her home with her other son, Fletcher Garrett. Both of her sons were soldiers in the Civil war and both ran away from home in their early teens to join the army.

Beautiful New Church Dedicated at Logan.

The formal services of dedication of the handsome new church of the M. E. Church, South, congregation took place on Sunday evening with a large and attentive audience present. Dr. W. F. McMurry of Louisville, Ky., preached the dedicatory sermon, and his discourse is conceded to have been one of the finest ever heard at a religious meeting in this part of the state. The services, though simple in the main, were appropriate and inspiring, and the event will long remain and be cherished in the memories of those who were present.

The formal dedication was preceded by a praise service Sunday morning, during which Dr. McMurry made a few remarks. That those attending both Sunday services were in thorough sympathy with the event and fully aroused to the magnitude of the achievement and future influence of their efforts and sacrifices, is amply evidenced by the fact that during the day every dollar of the \$27,000 remaining unpaid for the work of constructing the magnificent edifice was cleared away, and when Dr. McMurry began his formal words of dedication the congregation was in possession of its new house of worship absolutely free and clear of debts.

Of the total amount, \$12,000 was subscribed at the morning service and the remaining \$15,000 was pledged in the evening. The subscription of such a fund in one day sets a notable record in church work in this section, if not in the entire state.

Praise services in the new building

will be continued throughout this week. Rev. W. I. Carter, editor of the Methodist Advocate, preached an inspiring sermon last night, and he will also preach tonight. Other denominational ministers of equal renown will visit Logan and preach on the remaining nights of the week. Rev. W. L. Reid, the pastor, will deliver his first formal sermon on next Sunday—Logan Democrat.

CAN YOU DRINK AND HOLD YOUR JOB

ONE MILLION JOBS IN AMERICA
ARE CLOSED TO
DRINKERS

By Edwin F. Bowers, M. D.

There are more than a million jobs in America closed to the man who drinks alcoholic liquors. This means not only that the employee shall not drink while on duty, but that he shall keep clean of all public drinking places while off duty.

Leaders in this excommunication of John Barleycorn are the American railroads, which generally have adopted "Rule G," the mightiest blow yet delivered at alcohol in industry. But the railroads are not standing alone. Other great industries have come to see that alcohol makes only for accidents, inefficiency and waste. Workmen's Compensation Laws in many states have helped to open men's eyes, and business common sense is keeping them open.

The employer has no desire to meddle unnecessarily with the workman's liberty, but if this alleged liberty interferes with the conduct of the employer's business, the output of his establishment, or the quality of his goods, he feels that something must necessarily be done about it, and done right away. Alcohol does all these things, and more—as industrial leaders are finding out rapidly in these days of scientific investigation.

Gave up Boose—and Got a Raise

Recognizing the loss in efficiency due to drinking, the Philadelphia Quartz Company was prompted recently to conduct a pledge campaign among its workmen. The men were offered a ten percent increase if they would agree, in future, to use no liquor and hereafter to avoid places where it was sold or dispensed. Ninety-nine per cent of the men were glad to make the promise. The manager of the plant it is only common sense to believe that a strictly sober man is worth more to his employers. Also, the firm expects to be more than repaid by the improvement in service it will get from sober workmen.

Recently the Illinois Steel Company, in order to reduce its accidents and indemnity losses, installed in conspicuous places throughout its works, electric signs asking this pointed question:

"Did boose ever do you any good—help you get a better job—contribute to the happiness of your family?"

Milk tenders now make regular trips through the factory, supplying the men with a beverage better than beer. By an educational campaign, and by taking away one of the incentives for drinking, the company hopes to reform its drinking workmen. Those who persist in drinking will lose their jobs.

In our own country the subscription of benign beverages for boose has met with much favor. This safety device was adopted by Mr. Ralph H. West, president of the West Steel Casting Company, of Cleveland, Ohio, who tells me that he has recently installed refrigerators in which to store milk for his men. Many of the workmen now take their lunch out of doors in the shade, instead of pursuing their original custom of indulging in a mad race for a saloon when the noon whistle blew. The firm supplies ice gratis. A pint of milk costs the men four cents. They pay this in checks purchased in quantity.

Some drink not only their noon bottle, but order another for the mid-morning, or one to be drunk in the afternoon, during the heat of casting-time. Best of all, themen are finding that milk supplies an invigorating and lasting strength, and they are realizing the immense benefit of this from "boose" to food.

The H. South Works Plant of the Illinois Steel Company recently established a number of milk stations for the purpose of weaning its employees from beer. In less than six months these stations were selling fourteen hundred quarts of milk a day. Fourteen saloons in the immediate neighborhood were forced to go out of business for lack of trade.

One thing that has stirred business concerns into active warfare against liquor is the rapid increase of State Compensation Laws. If an employer is to be held liable for the death or injury of any of his employees, while at work, he is going to see to it that all removable causes of death and injury are eliminated.

Gov. Stanley has appointed Rodman Wiley State Commissioner of Roads.

The chairman of the Progressive party in Indiana says the reports he is receiving indicate that many of the Bull Moose party in that State will line up for President Wilson in November.

For complimentary editorial mention we are indebted to those two splendid Kentucky newspapers, the Hopkinsville Kentuckian and the Elizabethtown News. We are duly appreciative of their kind words.

As the result of the murder of Judge Lawler, the "dry" candidate in Huntsville, Ala., the sheriff, who was in jail charged with complicity in the crime, has committed suicide. A lawyer of state-wide reputation, suspected, has also committed suicide and the opponent of Judge Lawler has skipped out. This crime is directly chargeable to the liquor interests.

Remember the two days in July selected for volunteer road working thru-out Lawrence county—the 20th and 21st. Talk to your neighbors about it, plan where and how the work is to be done in your own neighborhood, and in every way get ready to make the movement a big success.

Ask the county officials as early as possible for what you will need in the way of culvert material, etc. Report work needed worst. Send the Big Sandy News the location and description of road troubles in time to have same reported in our columns.

With good weather and the proper enthusiasm, an enormous amount of work can be done in those two days.

Mrs. John Lind, age 38, of Chicago, led the cheering for Roosevelt at the recent Progressive convention at Chicago. Then when Teddy refused to accept the Bull Moose nomination she went crazy again and did another fool stunt—she discarded even her nightgown and wandered around on the shore of Lake Michigan as naked as a young bird. As garments were reached to her she fled, and at the mention of Roosevelt's name she flew into a violent rage. Let this be a warning to the ladies—there "aint no sich animal" as a she Bull Moose. Furthermore, politics aint no place for a lady; it will cause her to lose her religion, her self-respect, her modesty, her husband oftentimes, her mind, and last but not least, her clothing. A good woman has more influence without the ballot than with it.

No greater piece of work has been done by the United States government for the mental, moral and physical welfare of the people than the enactment and enforcement of the anti-narcotic law. The victims of morphine, and other forms of powerful dope had become almost as numerous as the victims of strong drink. The law has wrought remarkable changes. In every community there are individuals who have been forced to give up the awful habit because they find it impossible to buy the drug. A few are yet securing it through disreputable physicians who take a chance on getting caught, but the traffic is being made more difficult all the time. The wonderful improvement in the appearance and action of victims who have been choked loose from the terrible habit is subject of general comment.

The government owes it to the people to take similar action in regard to intoxicating liquors. Identically the same reasons apply, and if any difference it is in favor of the narcotics. Ninety per cent of the trouble and sorrow results from liquor. Not one good thing can be said in its favor. Even the unholy revenue that some would count is a myth. It costs more to levy and collect, to police and convict, to punish and care for the victims than the revenue amounts to. The liquor curse will continue to flourish as long as the government continues to legalize it; and it is a crime against civilization to license the traffic.

The Cincinnati Enquirer, which has been howling for war with Mexico, to protect certain property down there, now admits that 300,000 men will be needed for the job.

It says "This country wants no prolonged war, no reverses; no dragging along in guerrilla fighting."

The Enquirer should know that in war, as well as in other things, it isn't what we WANT, it is what we GET that counts. Mexico, injured to war by years of fighting, trained and equipped to fight effectively if not according to Hoyle, will have more to do with what the United States gets than we are now willing to admit. Guerrilla warfare will be resorted to by the Mexicans, regardless of what "this country wants."

President Wilson has done everything possible to keep peace with Mexico. He knows what a terrible experience this

war will be. His honest critics will some day concede the wisdom and righteousness of his course in exhausting every means to avert war. The political mountebanks who would play traitor to the flag to deceive a voter will be discredited by the record when it is all over.

Mexico is absolutely forcing war upon the United States, and when she has accomplished this bloody object, the United States should wipe her out of the world's geography. Why leave this cancer on the western hemisphere to harass and endanger coming generations? It is ripe for the surgeon's knife. Cut it out!

There are many well-advertised kidney remedies on the market today, but none so well recommended in this vicinity as Doan's Kidney Pills. Read the statement of a resident of Cliff.

Mrs. E. C. Speers, Cliff, Ky., says: "I suffered from kidney and bladder trouble for years. My feet, ankles and hands were swollen. I also had a steady ache across my back and hips and the kidney secretions were unnatural. Doan's Kidney Pills greatly benefited me."

FOUR YEARS LATER, Mrs. Speers said: "Doan's Kidney Pills are a fine medicine and I am glad to again recommend them." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Speers has twice recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

Federal Inquiry or Railroad Strike?

Faced by demands from the conductors, engineers, firemen and brakemen that would impose on the country an additional burden in transportation costs of \$100,000,000 a year, the railroads propose that this wage problem be settled by reference to an impartial Federal tribunal.

With these employees, whose efficient service is acknowledged, the railroads have no differences that could not be considered fairly and decided justly by such a public body.

Railroads Urge Public Inquiry and Arbitration

The formal proposal of the railroads to the employees for the settlement of the controversy is as follows:

"Our conferences have demonstrated that we cannot harmonize our differences of opinion and that eventually the matters in controversy must be passed upon by other and disinterested agencies. Therefore, we propose that your proposals and the proposition of the railroads be disposed of by one or the other of the following methods:

1. Preferably by submission to the Interstate Commerce Commission, the only tribunal which, by reason of its accumulated information bearing on railway conditions and its control of the revenue of the railways, is in a position to consider and protect the rights and equities of all the interests affected, and to provide additional revenue necessary to meet the added cost of operation in case your proposals are found by the Commission to be just and reasonable; or, in the event the Interstate Commerce Commission cannot, under existing laws, act in the premises, that we jointly request Congress to take such action as may be necessary to enable the Commission to consider and promptly dispose of the questions involved; or
2. By arbitration in accordance with the provisions of the Federal law" (The Newlands Act).

Leaders Refuse Offer and Take Strike Vote

Leaders of the train service brotherhoods, at the joint conference held in New York, June 1-15, refused the offer of the railroads to submit the issue to arbitration or Federal review, and the employees are now voting on the question whether authority shall be given these leaders to declare a nation-wide strike.

The Interstate Commerce Commission is proposed by the railroads as the public body to which this issue ought to be referred for these reasons:

No other body with such an intimate knowledge of railroad conditions has such an unquestioned position in the public confidence.

The rates the railroads may charge the public for transportation are now largely fixed by this Government board.

Out of every dollar received by the railroads from the public nearly one-half is paid directly to the em-

ployees as wages; and the money to pay increased wages can come from no other source than the rates paid by the public.

The Interstate Commerce Commission, with its control over rates, is in a position to make a complete investigation and render such decision as would protect the interests of the railroad employees, the owners of the railroads, and the public.

A Question For the Public to Decide

The railroads feel that they have no right to grant a wage preferment of \$100,000,000 a year to these employees, now highly paid and constituting only one-fifth of all the employees, without a clear mandate from a public tribunal that shall determine the merits of the case after a review of all the facts.

The single issue before the country is whether this controversy is to be settled by an impartial Government inquiry or by industrial warfare.

THE HOME CIRCLE AND ITS INTERESTS.

Column Dedicated to Tired Mothers as They Join The Home Circle at Evening Tide.

In Unity There is Strength.
 Go back in history of cities and communities as far as you like, and you will find that harmony was the keynote of success. Nothing has ever been achieved by adverse criticism and sectional disputes. You may not like the cut of my coat and I may not like your hat, but there is no reason why we can't work together without picking and digging and nagging each other.

Some of the sweetest dispositioned children have been irredeemably spoiled by continual fault-finding. Probably there are some people with considerable tact who can tell us of our glaring faults without getting our ill-will, but such are few and far between. More can be done for this community by upbuilding it than trying to tear down the existing structures, even if you don't like the color of the paint, or as old sailors say, the "cut of his jib."

We all want this town to succeed. We want more permanent residents and more live boosters. Those who are here are doing all they can, but we always welcome new blood and new ideas.

We may not be able to get all we want, but one thing is certain, that if we don't go after things, they will never come after us. Working in harmony, we can accomplish great things. We do not need to attend the same church or vote the same ticket to be at unity in doing things for our home town.

Your Boy.

Under the above heading, Leslies, one of the greatest magazines, says: This is a good time to think of your boy. If you do not look after him in the right way, someone will do it in the wrong way. Begin now.

Teach your boy to follow in the footsteps of his father, to respect the law to obey his parents, to regard the rights of all men, to honor virtue, to respect womanhood and to depend upon no one but himself for his advancement.

Teach him that the golden rule of life will be found in the ten commandments. They are short. They have survived the ages. They stand to-day unchanged and unchallenged.

They comprise the first great written law given by God to man. Before these few commandments all man-made laws fade into insignificance. Teach them to your boy. There is longer ahead if you do not.

The universal drift of mankind is toward decadence. Heredity pays its

premium and also exacts its discount. The son of a good father and an affectionate mother, brought up in an atmosphere of parental regard, never will disgrace the family.

The boys of today are to be the men of tomorrow. The destinies of the American people are to be in the hands of their sons. If the boys are taught respect for the law, both human and divine, obedience to authority, manly independence and the fear of God, this great nation will be a noble monument to man's capacity for self government and self control at a time when all the world is seething in a cauldron of unrest, unreason and disbelief.

Teach your boy to rule, but first to rule himself.

The home that possesses a cheerful wife and mother is not only a veritable haven of rest, but the safe harbor whose beacon light will guide her bread winners safely past all rocks and shoals with unfailing certainty.

The woman whose cheerful spirit can take that brave attitude toward life that enable her to bear courageously the inevitable burdens of her life's environment; that strengthens her determination not to fret or worry those who, for her sake, are fighting the hard battles in the world has reached that attitude that proclaims her price above rubies; and her influence and example are not felt only within the limits of the four walls she has made the unassailable bulwark of state and society, a happy home, but reach to those she knows not of.

Philosopher and poet are alike in the verdict that the safety and perpetuity of any nation lies in the homes of its people.

It is painful to read the particulars of the numerous divorce suits that fill the columns of the daily papers. Many of these sad events are from good homes and the interesting parties stand high in social life, and not a few in church life. This separation between husband and wife is one of the sad scenes in human existence. Many times either would prefer death to this unhappy parting. For years they have lived together and their lives have been blended into one. They have learned by bitter experience, as the years have gone by that they are not suited to one another and finally, in a moment of discord or passion, the silken cord has broken and they separate forever. Let us hope that in the world to come, when they can all see things plain than they do in this life they may be visited again, but there is a probability that unhappy marriages resulting from unsuited positions, will not result in union or happiness in this world or the one to come. "What God hath joined together let no man put asunder."

CORNER MAIN STREET, LOUISA, KENTUCKY

LETCHER COUNTY AND WHITESBURG.

What is Happening in this Rich Coal Territory of Kentucky.

WHITESBURG, KY., June 27.—Saturday was a red letter patriotic day for the quiet little town of Whitesburg when, in the afternoon, Hon. R. Monroe Fields, commonwealth's attorney and Felix O. Fields spoke on the importance of retaining a National Guard in the county, especially the importance at this time when impending dangers indicate war to the hilt with our sister republic, Mexico. The former impressed with much stress the great opportunity offered young men at this time. Following the speech making a large number of recruits signified their willingness to go to the Mexican border and fight for their country's cause. This swelled the list up to over 100 of the required number necessary, 140. A little later word came from the Jenkins-McRoberts-Fleming coal fields stating that 25 were ready to come to Whitesburg and enlist. It is expected that orders will be received immediately from the war department to muster in the men. They will go to Ft. Thomas.

Judge A. J. Kirk of Paintsville also spoke to several hundred voters at the courthouse Saturday evening on the merits of his candidacy for appellate honors. Judge Kirk has many friends in this county.

Charged with the murder of Elijah Jent William Stacy, Alex Combs and Joe Cassum were given an examining trial before Judge J. C. Day here a few days ago. Stacy and Combs were each bound in a bond of \$500, while Cassum was released. The murder which occurred at Blackey below here is deeply deplored. Cassum, who is a policeman in Blackey summoned Stacy and Combs to assist him in arresting Jent. When Jent resisted he was shot and killed.

Upon warrants sworn out by F. H. Rittelmeyer postoffice inspector H. C. Morgan was arrested by U. S. Marshal John M. Riddle Thursday charged with attempting to defraud Chicago mail order houses and Catlettsburg whiskey houses. It is said Morgan ordered goods giving a check signed by J. W. Morgan. The checks were bogus.

Morgan was bound over to the U. S. District Court and will be tried at Frankfort in September.

Arrangements have been completed for Whitesburg's first Chautauqua to be held this summer, perhaps early in August. Washington people are behind

the project, and will hold Chautauqua in a number of Eastern Kentucky towns. It is expected that Whitesburg will put on her very best and make it a howling success.

Heavy rains visited most sections of Letcher county Saturday evening and Sunday morning, and in some places much damage was done, especially to growing crops, corn and garden vegetables. High winds also prevailed for several hours. Elkhorn creek was said to have been on a rampage and considerable damage was done along the valley.

Telephone and telegraph lines were put out of commission.

Isaac Potter, Jr., of Neon was brought here and given an examining trial before County Judge Henry T. Day and bound over to the next grand jury. Potter shot and perhaps fatally wounded Olvin Houston, a Baker farmer a week ago. At this time indications are good, however, for Houston's recovery.

The preliminary work of the development of The South East Coal Co. of the Tilden Wright coal land tract between Thornton and Millstone above here on the main line of the L. & N. was started on Thursday. The first work to be done is grade for side track, to be used for aiding the machinery, etc., soon to arrive from Wolf Coal, Ky. Within two weeks the development work will be well under way on the new operation. A first class mining town will be built.

The company has built a splendid little town at Seco. They have a flourishing operation.

Work is progressing nicely on the development of The Elkhorn By-Products Coal Co., at the K. S. Potter coal land tract on Yount's Fork of Boone in the coal fields, of which Lewis E. Harvie is President, Sam Collins, Secretary and Treasurer, Perry Gorman, Manager. They will be ready to begin shipping coal within thirty to sixty days.

Continued improvement is noted all along the roadbed of the L. & N. much ballasting work and other improvements going on in order to handle the big coal tonnage with as much haste as possible.

The track is being put in splendid condition. It is said there has been some big increases of late, nearly three hundred cars going out from the Fleming-McRoberts plants alone. It is expected that the plant of The Elk Horn Coal Corporation at Hemphill will be started in full soon. There is greater activity than ever before.

Marriage license issued during the week are as follows:
Madison Smith, aged 22, to Betsie Stacy, aged 16.
Charlie Cudill, aged 22, to Tessie

May Hogg, 19, at Blackey.
Monroe Green, 24, to Miss Louisa Short, 18.
H. C. Hensch, 23, to Cora Nickell, 20.
Willie Grover, 22, to Miss Thurnas Kiser, 21, at Seco.

Postoffice Inspector L. H. Rittelmeyer, London, was on business here this week.

Mr. H. T. Poage, Lexington traveling man was calling on the merchants of Whitesburg from Monday until Wednesday.

Mr. W. T. Johnson, Catlettsburg, was a Whitesburg business visitor during the week.

**THE BLUE GRASS VISITED BY
WESTERN KY. FARMERS.**

(By A. C. Young, County Agent.)
The 500 farmers from all over Kentucky that made the trip through the Blue Grass, embracing the counties of Fayette, Woodford, Franklin, Pendleton, and Jefferson, returned to their homes full of rejoicing to have had the opportunity of studying farm conditions and methods employed by a prosperous people. The trip was planned and guided by the Extension Department of Agriculture of the State to give the farmers of West Kentucky a chance to see East Kentucky in return for the visit made to Warren and Christian counties last year.

Starting at Hopkinsville with a train of four pullman cars the crowd swelled so rapidly that cars were added all the way, making a total of fifteen on leaving Lexington. From the Blue Grass Capital the train ran in two sections, the traveling being done at night in sleepers, so the days could be utilized in observation and inspection of the places of most interest. This was made on June 6th to 10th, and a much interest and inspiration was displayed that next years outing will be apelled with a larger crowd and increased hope in future farming.

Reaching Lexington on the morning of June 7, the party at once visited the Experiment Station where it was shown the Experimental grass plots, orchards, green houses, the feeding of cattle, hogs, serum laboratory, where anti cholera serum is produced, and various other things of interest. The tourists were then directed to Buel Armory where a buffet luncheon was served with President Henry S. Barker, of State University, to welcome the crowd in the course of which the following declaration was made: "That the farmer is the only business man made altogether by God. It takes more brain power and business ability to farm successfully than it does any other occupation."

As soon as dinner was over the party went to Versailles, where it was met with automobiles to transport them over old Woodford-co., where God has smiled most graciously. The reflection of so beautiful a country was realized in our first stop at Senator Johnson N. Camden's country estate. The host and hostess, Mr. and Mrs. Camden, shook hands most cordially with the guests as they were ushered into the reception hall, from which they passed out on to a side porch (where young ladies were passing cigars) and out into the grounds made attractive with flower gardens of extensive beauty, racing stables of unsurpassed qualities and stables built like works of art. After leaving Senator Camden's place, Midway was next visited and the three thousand acre estate of Col. Alexander was beheld in its natural beauty. The property is kept in nearly as possible in a primeval state, with trees planted out in space to charm the landscape of an ardent admirer. A deer park and wild pheasants are among the touches of this semi-elysian field, phenomenal in its entirety and a wonderful surprise to most of the visitors.

From there to the farm of McKee Brothers, where the Jew loses his will in respect to the Duroc, and the gentle breaks the commandment of covetousness, all because brains revealed in the development of a Duroc Jersey type that has made the Blue Grass one notch more famous.

The visiting for the day ended at Col. Taylor's farm of world renowned perfection. The imported champion bull Red-nose was seen by every member of the party as well as the American Champion Bull Woodford, whose set are expected to be more wonderful than their sires. A fifteen months old bull sired by Woodford brought the offer of \$5,000 which was rejected by the owner.

Returning to Versailles many of the party partook of a bounteous picnic supper, with invitations to the chautauqua lecture that night, from which the tourists returned to their berths on the pullman at Lexington to awake the next morning in Falmouth, the nucleus of entertainment in Pendleton county.

Starting the day with ham and eggs and sweet-clover honey, served to perfection, the auto trip of forty miles through the country began. It was my pleasure to be in a machine packed with eighteen farmers, a medley of representative men, the most of whom failed to observe the laws of silence, breaking out in refrain "Hurrah for sweet-clover, alfalfa, good farming and Pendleton County Girls!" However, the farmers were busily engaged in viewing the hills all covered and carpeted with seemingly wild sweet-clover and alfalfa. The former being a splendid feed for cattle as well as supplying the honey bees with luxuriant

FOR KENTUCKY WOMEN WHO ARE TIRED OUT, NERVOUS, SLEEPLESS, OR RACKED WITH PAIN.

Louisville, Ky.—"When I was in need of a woman's medicine I saw Dr. Pierce's Favorite Prescription advertised. I was nervous, tired out, and it seemed as if I was unable to meet my work. After I began using the 'Prescription' I became better and so much stronger. I used five bottles of this remedy and was entirely cured. I have never been bothered since. I am glad to recommend it because I desire to help others similarly placed."—Mrs. Mary Schmidt, 2221 Bank St.

Dr. Pierce's Favorite Prescription is a true friend to women in times of trial and at times of pain when the organs are not performing their functions. For headache, backache, hot flashes, catarrhal condition, bearing down sensation, mental depression, dizziness, fainting spells, lassitude and exhaustion women should never fail to take this tried and true woman's medicine.

For girls about to enter womanhood, women about to become mothers and for the changing days of middle age, Dr. Pierce's Favorite Prescription should always be on hand.

It's a temperance remedy that is extracted from roots with pure glycerine and its ingredients are published on wrapper.

Any medicine dealer can supply it in either liquid or tablet form. The cost is modest, the restorative benefits truly remarkable. Write Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., for free 136-page book on women's diseases. Every woman should have one. You can also have confidential medical advice without cost.

sweets for the production of honey that is unexcelled. The three creameries in the county do a big business; stock raising is important, some corn and a little tobacco is grown; the cultivation of land being of minor importance compared with the general scheme of farming. The honey revenue amounts annually to \$200,000. From two banks ten years ago with a deposit of \$200,000, to-day four banks are flourishing with a deposit of \$1,000,000. So, from bankruptcy and ruin, depopulated and worn-out soils, success and prosperity have come through the adoption of sweet clover and alfalfa.

We returned to Falmouth about 3 o'clock for dinner, our appetites growing stronger as the hours drew longer, the refrain changing slightly to a question applied to the chauffeur: "How far is it to Falmouth?" Then, How pleasant it is to dwell in the house of the Lords of Falmouth. The ladies of the town had a most sumptuous dinner waiting for us in a large tobacco warehouse. So bounteous was it that the appetites of the travelers failed completely to consume all that was provided. After dinner another auto trip was started through another section, ending with supper in town. After supper the tobacco warehouse was again the scene of action the deck being cleared for a bombardment of tributes paid by speakers to the people for the good time they had had. After the speaking a dance was started which lasted until time to say good-bye till we meet again.

The last day of the trip was spent in Jefferson county, Louisville playing the part of hosts. At the Y. M. C. A. in the park where a dutch lunch was served at the conclusion of which speeches were made with Mr. Atherton acting as master of ceremonies. Among the party were Gov. A. O. Stanley, Lieut. Gov. James D. Black, Commissioner of Agriculture Cohen, J. A. Evans, Jesse M. Jones, of the Federal Bureau, Director of Extension Dr. Fred Mutchler, State Agent Geoffrey Morgan, District Agents. Officials of the Experiment Station, all the county agents and others. The enthusiasm displayed by the men was the highest tribute that could be paid to the success of the trip, and it is beyond the realization of all who failed to go, as experience is the only interpreter.

**CASH IN ADVANCE
PLAN TO BE ADOPTED**

On October 15th, 1916, the Big Sandy News Subscription List will be on a New Basis, and the Paper will be Sent Only until the Date Paid in Advance.

INCREASED COST OF PRODUCTION FORCES THIS CHANGE

As announced in the above headline the Big Sandy News will change its policy in handling the subscription list. We are compelled either to increase the subscription to \$1.50 per year or to take steps that will stop all leaks and waste. We hope by doing the latter to keep the subscription price at one dollar.

We are making announcement of our new policy several months in advance of its adoption so that all our friends and subscribers will have ample time to get on the new basis.

It has been customary from "time immemorial" almost, for country papers to extend credit to subscribers and to continue sending the paper until death, poverty, disease, hopeless de-

linquency, or an earthquake caused a break. This is bad business and oftentimes very unsatisfactory. Some people get the impression that the publisher is trying to force the paper on them. This is one thing the publisher of the Big Sandy News can truthfully say he has never intended nor had any desire to do. In soliciting we do not even insist strongly upon anyone subscribing for the paper, because we never want to push it upon any person. Our efforts are directed chiefly to making a paper worth the subscription price. Nevertheless, a few people seem to think the paper is being forced upon them when it continues beyond the date paid for.

On the other hand, we have had a number of subscribers to resent our action in stopping the paper at the expiration of the period paid for, saying it was a reflection on their credit. This is the source from which we anticipate most of the trouble that is likely to come in changing to a strictly cash in advance system. But when the change is made it will be absolutely necessary to enforce it impartially. The mailing list will be in charge of an employee who doesn't know any better than to stop every subscription at its paid expiration.

Although as above stated, the proposition has two sides, we believe our friends and patrons will like the new system better. We ask their kind cooperation in establishing this more business-like plan.
